MISSION STATEMENT

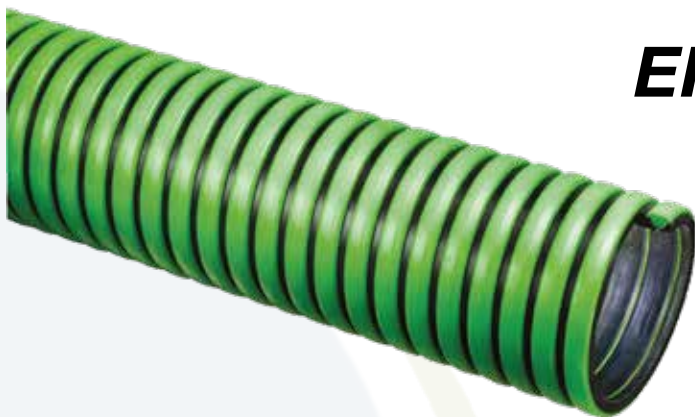

At **Liquid Waste Industries**, our mission is to leverage our 40+ years in the septic and portable restroom industry to:

- Understand the customer's need by asking the right questions.
- Provide the best possible solution for every customer.
- Use our knowledge to make sure you get the **RIGHT** part at the **RIGHT** price.
- No matter how large or small, every customer gets the same **Great Price and Reliable Service!**

Call us today at 877-445-5511 to experience the personalized service at **Liquid Waste Industries!**

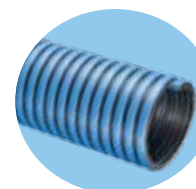

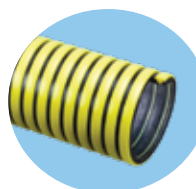

Terms and Conditions of Sale

All prices, terms and conditions are subject to change without prior notice. All major credit cards and accepted. Any evidence of damaged shipments must be reported and a claim made with the delivering carrier upon receipt of shipment. Returned items are subject to a 10% restocking fee.

EPDM Hose

**Call for
Special Bulk
Pricing**

(Colors Above Available Upon Request)

This heavy duty green and black or yellow and black suction hose is used for transferring liquid waste and septic applications. It is constructed of EPDM rubber, polyethylene helix with a smooth bore and corrugated O.D. Its light weight and flexibility equips it for easy dragging and maneuvering. Service temperature range: -40°F to 158°F. This hose comes in 2", 3" and 4" diameters and lengths up to 100'.

EPDM1 1.5" ... \$ 1.52 per foot
EPDM2 2" \$ 2.21 per foot
EPDM3 3" \$ 4.19 per foot
EPDM4 4" \$ 7.02 per foot
EPDM6 6" \$13.42 per foot

Hi-Vac Suction Hose

PLASTIFLEX
Hose System Solutions

The Original Hi-Vac Suction and Discharge Hose. Hi-Vac combines abrasion resistance and flexibility and is designed for rugged suction or discharge applications. Plastiflex's heavy material profile and two piece design allows this hose to work under the most extreme conditions.

2"x20' \$ 78.00
2"x25' \$101.00
2"x30' \$121.00
2"x35' \$141.00
2"x40' \$161.00
2"x50' \$201.00
2"x60' \$234.00

EBH Septic Hose

This tough copolymer constructed hose is perfect for the removal of liquid waste materials. Its square outer helix allows for extreme durability and flexibility. It has a superior kink resistance design and ultraviolet resistant base. EBH comes in several different lengths with poly cuffs attached.

2x25' \$52.70
2x30' \$61.55
2x35' \$75.45
2x40' \$85.75
2x50' \$104.75
2x60' \$137.25

Hose Glue

E6000 Industrial Strength Glue for
Replacing Hose Cuffs

Repair Cuffs

CU9132400 2" \$7.45

Tigerflex General Purpose Suction and Transfer Hose

This clear body with blue helix PVC hose allows visual confirmation of materials flowing and provides sub-zero flexibility. Service Temperature Range: -40°F to 150°F. Other sizes also available upon request.

BW150	 1.5"	 \$ 1.61 per foot
BW200	 2"	 \$ 2.32 per foot
BW300	 3"	 \$ 4.41 per foot
BW400	 4"	 \$ 7.78 per foot
BW600	 6"	 \$15.35 per foot

Tigerflex Clear Lightweight Suction Hose

Standard duty PVC suction hose. Allows for visual confirmation of material flow.

HG100	 1"	 \$0.68 per foot
HG150	 1.5"	 \$0.85 per foot
HG200	 2"	 \$1.45 per foot
HG300	 3"	 \$2.59 per foot
HG400	 4"	 \$3.99 per foot

Tiger TR1

This is an abrasion resistant, lightweight & extremely flexible suction hose for vacuum trucks. It can handle temperatures from -40°F to 158°F. It is constructed from a rubber and black static carbon. Crafted from rigid PVC helix, it has a smooth bore and corrugated O.D.

TR1-200	 2"	 \$ 4.15 per foot
TR1-300	 3"	 \$ 6.98 per foot
TR1-400	 4"	 \$11.49 per foot
TR1-600	 6"	 \$22.18 per foot

Tigerflex JG Hose

This PVC construction hose provides durability. Smooth bore allows full flow.

JG200	 2"	 \$1.50 per foot
JG300	 3"	 \$2.60 per foot
JG400	 4"	 \$4.00 per foot
JG600	 6"	 \$8.00 per foot

Truck Tank Hose

This Tank Hose is perfect for applications to and from a Tank and Pump. It is reinforced with high tensile textile cords and 4 highly flexible steel helix wires. It has a constant working pressure of 150 PSI and the Service Temperature Range is -40°F to 212°F.

BTT100	 1"	 \$ 3.45 per ft
BTT125	 1.25"	 \$ 4.23 per ft
BTT150	 1.5"	 \$ 4.71 per ft

Stainless Steel Center Punch Clamps

CP1099	for 2" Hose	 \$0.75
CP1699	for 3" Hose	 \$0.99
CP2099	for 4" Hose	 \$1.15
CP2899	for 6" Hose	 \$1.59
CPT100	Center Punch Banding Tool	 \$89.00

Lateral Line / Water Jetter Hose

The original sewer cleaner hose. Piranha hose has become the standard for the septic industry. Its polyether-urethane cover provides exceptional cut, abrasion and fungus resistance. And, lastly, all components are bonded together to maximize fitting retention and wear resistance, and to provide smaller minimum bend radius. With sizes from 1/2" to 1-1/2" and maximum working pressures of up to 4000 psi, we can handle your need - whether you are a waterjetter or big municipal water plant.

ALL HOSE-ONLY RATED TO 122°F • CALL US FOR OPTIONS ON HIGHER TEMP HOSE

TRAILERS

Our portable restroom delivery trailers are custom built to satisfy the needs of all of our customers. Each trailer is manufactured of 14 gauge, heavy duty steel.

Standard Components:

- 2200lb. Torsion Axles For Trailers Up To 24'
- 3500lb. Torsion Axles For 28' to 40' Trailers
- 13" Wheels & Tires
- 2-5/16" Bulldog Hitch
- Electric Brakes
- Flush Mounted Lights
- Toolbox
- All Trailers are Painted Black

Optional Custom Features (at additional cost):

- Slide Gates
- Upgrade Wheels & Tires
- Leaf Spring Axles
- Built in Ramps
- Custom Paint Other Than Black
- Freshwater Tank with Shurflo Water Pump

**Vacuum Only Pumps**

Conde Vacuum Only pumps are available in a wide range of sizes from 20 to 230 CFM. Conde vacuum only pumps offer a great economical alternative for those who do not require pressure off-loading on their pumps.

HD Vacuum Pressure Pumps

Conde HD Vacuum/Pressure Pumps are built in a variety of sizes from 35 to 230 CFM for vacuum tanks from 50 to 2500 gallons. All Conde HD pumps incorporate the unique Conde Slide Valve change-over valve which is compact, low profile and always works easily. Conde automatic oilers never need adjustment. All pumps can be driven by a variety of power sources including gas engines, PTO, Right Angle Drive, or hydraulic pump. All pumps are double shafted and can easily be set up for either CW or CCW rotation.

Sealed bearings require no maintenance. SDS 6, Super 6 and ProVac 3 pumps even include built-in vacuum relief valve!

POWER PAK

Conde PowerPaks are state of the art preassembled gasoline powered vacuum pump units. Easy to install; simply bolt down and attach to your tank. Diamond plate base trim and belt guard insure that your unit looks as good as your rig. Rigid assembly insures minimum vibration and maximum power. Conde PowerPaks are available with either vacuum only pumps. Our wide range of CFM sizes insure you will get the right pump unit for your size tank and application. Because these units are so easy to install, they can be transferred with ease to another tank system when needed. All units are powered with Honda GX Commercial Series Engines. SDS Ultra unit is powered with the Briggs Vanguard Twin. Diesel engine power is available on all of our vacuum pump units from the Model 3 to SDS 12.

Estimated Tank Pull Down Time (15" Hg)

T-Lift Manhole Cover Lifter

LWI acquires the T-Lift Patent

Let the T-Lift do all the dirty work! The seven pound T-Lift unseats, lifts and sets down a manhole cover in one smooth motion with no set up. The T-Lift when properly attached, removes the manhole cover without the usual bending, straining or prying. Plus there's never a reason for your hands to touch the lid. This tool also cleans inside the ring for proper resealing. Manhole Cover Range from 19x32 inches.

DC-10 High Demand Wash Down Pump

12 Volt DC High Head Washdown

- 300 Series Stainless Steel and Cast Iron with Stainless Steel Impeller Construction
- Buna-N Mechanical Seal and O-Ring with Cast Iron Models
- 1 1/4" Inlet and 1" Discharge
- Vitron® Mechanical Seal and O-Ring with Stainless Steel Model
- Discharge Port Rotates in 90° Increments
- Four Front Drain Plugs
- High Efficiency Closed Impeller
- Delivers up to 56 GPM and 35 PSI

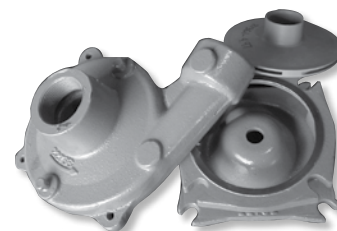

Cast Iron with Stainless Steel Impeller\$799.00

Reelcraft Self Retracting Reel

Series 5000 Reels are all steel construction and compact for a wide range of applications with critical space requirements. A full flow shaft and swivel assures maximum product delivery. The Quiet Speed latch mechanism offers quiet operation combined with latch cam technology insuring longer latching life and trouble free performance.

A5835-OLP35' of .5" hose **\$345.00**
A5850-OLP50' of .5" hose **\$369.00**

Reelcraft Self Retracting Reel

These reels are made of heavy gauge steel stampings and include reinforced ribs for increased structural strength. It offers 1000 PSI. The composite spool and spring case contain an industrial grade drive torsion spring made of stainless steel and environmentally protected for maximum life. The latch mechanism is located on the arm to insure hose retraction and extension each and every time. The guide arm is very versatile with 7 different convenient locations. The 'field proven' swivel also assures long life service.

RT650-OLP ... 50' with 3/8" hose.....**\$241.00**

Reelcraft Series 7000

Reelcraft's Series 7000 is very robust and ideal for the most demanding applications. The reel's base and guide arms are formed from high-grade steel and engineered with structural forms and gussets to yield the greatest amount of strength.

7850-OLP 50' of 1/2" Hose.....**\$425.00**
7925-OLP 25' of 3/4" Hose.....**\$492.00**

Reelcraft Stainless Steel Hose Reel

Reelcraft's stainless steel hose reels are ideal for food processing, pre-rinse, wash down, chemical transfer and industrial-solvent handling. Also suitable for coastal, offshore and on-board ship in marine applications where the harsh environment of salt water spray requires the use of stainless hose reels. Hose not included.

7800-OLS 50' of 1/2" Hose..... **\$905.00**

Reelcraft Series 30000

Reelcraft's Series 30000 hose reels are designed for rugged, heavy duty applications requiring long lengths of hose and large storage capacity. All-bolted unitized construction with no welds to fatigue, full flow swivel and heavy gauge steel frame, spool and drum insure longest service life.
